

COUNTRY Approved For Release 2001/04/10 : CIA-RDP80-00810A000200300006-0TOPIC Bremenham Airfield

25X1A

EVALUATION see below PLACE OBTAINED [REDACTED]

25X1A

DATE OF CONTENT [REDACTED]DATE OBTAINED [REDACTED] PREPARED 14 January 1953REFERENCES 25X1APAGES 1 ENCLOSURES (NO. & TYPE) REMARKS 

25X1X

1. [REDACTED] contractor stated that uprooting work was in progress in Bremenham near Rothenburg for the construction of an airfield. Source also heard rumors to this effect from workers in Weisswasser who were employed for construction work. 25X1C

2. [REDACTED] source learned from a worker that construction materiel, particularly cement was daily brought on trains of about 40 axles to Bremenham via Horka railroad station. Allegedly, an airfield was to be constructed in Bremenham near Rothenburg. 25X1X

3. [REDACTED], a painter from Noes, formerly called Bleichenau, said that an airfield was under construction near Rothenburg. The informant stated that temporary buildings had been erected in a wood east of Noes, that the construction site was restricted and that construction work was kept secret. 25X1C

25X1A [REDACTED] Comment. These statements confirm the assumption that the former improvised airfield near Bremenham is being improved. The pin-point location and dimensions of the field are not yet known. Horka railroad station is the intersection between the Spremberg-Goerlitz and Bunzlau-Hoyerswerda railroad lines. For location, see Map GSGS 4414, Sheet 4655.
